**RE: State Rate Comparability Review and Certification for Non-Rural ILECs,
CC Docket No. 96-45**

To the Filing Representatives:

Pursuant to 47 C.F.R. § 54.316,¹ the Public Utility Commission of Texas (Texas PUC) certifies that the rural residential rates charged by SBC Texas and Verizon² as of July 1, 2004 were below the Federal Communication Commission's nationwide urban benchmark of \$34.16.

Therefore, for purposes of § 254(b)(3) of the Federal Telecommunications Act, the Texas PUC certifies that the rural residential rates charged by SBC Texas and Verizon are reasonably comparable to urban rates.

If there are any questions regarding this matter, please contact Rosemary McMahon in our Policy Development Division, (512) 936-7244.

Respectfully submitted,
